EXPLANATORY NOTE

(This note is not part of the Regulations)

The Recovery of Health Services Charges (Northern Ireland) Order 2006 provides for a scheme for the recovery of charges in cases where an injured person who receives a compensation payment in respect of his injury has received health services hospital treatment or ambulance services. The charges are specified in certificates issued by the Department for Social Development and are payable by persons who pay compensation to the injured person. The charges in each case are calculated by reference to a tariff of charges provided for by the Recovery of Health Services Charges (Amounts) Regulations (Northern Ireland) 2006 (“the principal Regulations”).

Amendments made to the principal Regulations by regulation 2 increase the charges in respect of injuries which occur on or after 1st April 2011. Where the injured person is provided with health services ambulance services, the charge is increased from £177 to £181 for each occasion. Where the injured person receives health services treatment, but is not admitted to hospital, the charge is increased from £585 to £600. The daily charge for health services in-patient treatment is increased from £719 to £737. The maximum charge in respect of an injury is increased from £42,999 to £44,056.

Regulation 3 is a saving provision which maintains the current charges for incidents occurring before 1st April 2011.
