The complainant has, to my reasonable satisfaction, shown rights in respect of a name or mark which is identical or similar to the domain name.

Yes No

Yes No

6. Other Factors

I am satisfied that no other factors apply which would make a summary decision unconscionable in all the circumstances.

7. Comments

The complainant has produced insufficient evidence that it is the owner of a trade mark or has unregistered rights in a name or mark similar to the domain name. It is of course open to the holder of any such rights to complain in future under the DRS. The complainant has produced some evidence in support of its allegations about abusive use, but has given only the barest explanation of the abuse it alleges.

8. Decision

I refuse the complainant's application for a summary decision. The domain name registration will therefore remain with the respondent.
