7. Comments (optional)

The Complainant has made a number of unsubstantiated assertions but has not provided any evidence of the Complainant's rights or the assertions that are made relating to Abusive Registration.

The Complaint is made in the name of a limited liability company whereas the remedy sought is to have the domain name transferred into the name of an individual.

8. Decision

I refuse the Complainant's application for a summary decision. The domain name registration will therefore remain with the Respondent.
