**Claimant:** Miss S Bennett

**Respondent:** Iceland Food stores Limited

## JUDGMENT

The allegations of a failure to make reasonable adjustments relating to paid break times, a referral to occupational health and a move to a different location are struck out.

## REASONS

1. By case management orders dated 24 March 2023 sent to the parties on 30 March 2023 the Tribunal gave the claimant an opportunity to make representations or to request a hearing by 7 April 2023, explaining why the allegations of a failure to make reasonable adjustments relating to paid break times, a referral to occupational health and a move to a different location should not be struck out on the grounds those allegations had no reasonable prospects of success.
2. The claimant has failed to make any representations in writing to explain why those parts of the claim should not be struck out for the reasons given or to request a hearing.
3. Those parts of the claim are therefore struck out. The claimant's remaining claims are unaffected by this judgment.
