DECISION

This has been a remote hearing on the papers which has not been objected to by the parties. The form of remote hearing was P: PAPERREMOTE. A face-to-face hearing was not held because it was not practicable, and all issues could be determined on paper. The documents that I was referred to are in a bundle of 33 pages, the contents of which I have noted.

Decision of the Tribunal

- (a) The Tribunal grants prospective dispensation under section 20ZA of the Landlord and Tenant Act 1985 ('the 1985 Act') for the proposed replacement of the flat roof above Flats 11 and 12 at Clifton House, 19 Campbell Road, Croydon CR0 2SQ ('the Property').**
- (b) No terms are imposed on the grant of dispensation.**
- (c) The applicant shall send a copy of this decision to each of the respondents, either by email, hand delivery or first-class post. It shall also send a copy to any recognised residents association and display a copy in a prominent place in the common parts of the Property. It must send an email to the Tribunal by 20 April 2022, confirming the date(s) when this was done.**

The application

1. The applicant seeks dispensation from the consultation requirements imposed by section 20 of the 1985 Act.
2. The application is dated 19 January 2022 and directions were issued on 22 February 2022. The case was allocated to the paper track, to be determined upon the basis of written representations. None of the parties has objected to this allocation or requested an oral hearing. The paper determination took place on 06 April 2022.
3. The relevant legal provisions are set out in the appendix to this decision.

The background

4. The Property is a residential block containing 24 flats. The applicant company is the freeholder. The respondents are the leaseholders of the 24 flats and are all members of this company. The Property is managed by The Property Resource Limited ('TPRL').
5. Flat 12 is suffering water ingress in the bathroom and hallway, caused by leaks from the flat roof above. There have been numerous repairs to this roof over several years, and it now requires complete replacement. TPRL have obtained a quotation from PG Roofing ('PGR') dated 13 January 2022 for £9,689 (excluding any VAT).
6. The applicant seeks dispensation from the statutory consultation requirements for the replacement of the flat roof above Flats 11 and 12.

7. The only issue for the Tribunal is whether it is reasonable to dispense with the statutory consultation requirements. **This application does not concern the issue of whether any service charge costs will be reasonable or payable.**

The grounds of the application

8. The grounds are contained in the tribunal application. A copy of PGR's quote was included in the determination bundle.
9. In brief the applicant contends the roof replacement is urgent, due to the leaks into Flat 12 which inconvenience the residents. TPRL has obtained a quote from a competent and reputable roofing contractor.
10. Paragraph 2 of the directions gave the respondents an opportunity to object to the dispensation application by completing and returning reply forms and serving statements, setting out their grounds of opposition. No objections have been received by the tribunal.

The Tribunal's decision

11. The Tribunal grants prospective dispensation for the replacement of the flat roof, as detailed in PGR's quote dated 13 January 2022. No terms are imposed on the grant of dispensation.

Reasons for the tribunal's decision

12. The Tribunal accepts the roof replacement is urgent, given the ongoing leaks into Flat 12. A full section 20 consultation would take three months or more and considerably delay this work. TPRL acted reasonably in obtaining a quote from PGR and then applying for dispensation.
13. None of the respondents have contested this application or identified any prejudice that might arise from the grant of dispensation or proposed any terms as a condition of granting dispensation.
14. The respondents are all members of the applicant company and presumably have a say in the management of the Property.
15. Having regard to the particular facts of this case and the guidance in ***Daejan Investments Limited v Benson [2013] UKSC 14***, it is reasonable to dispense with the consultation requirements.
16. This decision does not address the cost of the roof replacement or whether the respondents are liable to contribute to this cost via their service charges. Nothing in this decision prevents the respondents

from seeking a determination of 'payability', pursuant to section 27A of the 1985 Act.

Rights of appeal

1. By rule 36(2) of the Tribunal Procedure (First-tier Tribunal) (Property Chamber) Rules 2013, the Tribunal is required to notify the parties about any right of appeal they may have.
2. If a party wishes to appeal this decision to the Upper Tribunal (Lands Chamber), then a written application for permission must be made to the First-tier Tribunal at the regional office which has been dealing with the case.
3. The application for permission to appeal must arrive at the regional office within 28 days after the Tribunal sends written reasons for the decision to the person making the application.
4. If the application is not made within the 28-day time limit, such application must include a request for an extension of time and the reason for not complying with the 28-day time limit; the Tribunal will then look at such reason(s) and decide whether to allow the application for permission to appeal to proceed, despite not being within the time limit.
5. The application for permission to appeal must identify the decision of the Tribunal to which it relates (i.e. give the date, the property and the case number), state the grounds of appeal and state the result the party making the application is seeking.
6. If the Tribunal refuses to grant permission to appeal, a further application for permission may be made to the Upper Tribunal (Lands Chamber).
