

Environmental Information Regulations 2004 (EIR)

Decision notice

Date: 17 August 2022

Public Authority: London Borough of Croydon

Address: Bernard Weatherill House
8 Mint Walk
Croydon, CR0 1EA

Decision (including any steps ordered)

1. The complainant requested information from the London Borough of Croydon (the Council) relating to evidence which supported comments made at a planning committee meeting. By the date of this notice the Council had not issued a substantive response to this request.
2. The Commissioner's decision is that the Council has failed to respond to the request within 20 working days and has therefore breached regulation 5(2) of the EIR.
3. The Commissioner requires the Council to take the following steps to ensure compliance with the legislation.
 - Issue a substantive response to the request in accordance with its obligations under the EIR.
4. The Council must take these steps within 35 calendar days of the date of this decision notice. Failure to comply may result in the Commissioner making written certification of this fact to the High Court pursuant to section 54 of the Freedom of Information Act and may be dealt with as a contempt of court.

Request and response

5. On 28 May 2022, the complainant made the following request for information to the Council:

"At the Planning Committee Meeting on 3 January 2022, in relation to 19/04661/FUL, [name redacted] stated that the plot qualified for further intensification under London Plan H2. However the proposed development did not meet the PTAL requirement (it is PTAL1B) and is not 800 metres from the town centre. By the planning officer's own account "The site is however approximately one mile from Croydon District Centre". Please provide the evidence [name redacted] used to support his statement and a full explanation as to why it conflicted with the report. Please ensure that this is provided within the legal timeframe of 20 days."

6. The Council acknowledged the request on 30 May 2022. To date, a substantive response to the request has not been issued.

Scope of the case

7. The complainant contacted the Commissioner on 15 July 2022 to complain about the Council's failure to respond to this request.
8. The Commissioner contacted the Council on 19 July 2022 reminding it of its responsibilities and asking it to provide a substantive response to the complainant within 10 working days.
9. Despite this intervention the Council has failed to respond to the complainant.
10. The scope of this notice and the following analysis is to consider whether the Council has complied with regulation 5(2) of the EIR.

Reasons for decision

11. Regulation 5(1) of the EIR states that:

"a public authority that holds environmental information shall make it available on request."

12. Regulation 5(2) of the EIR states that:

"Information shall be made available under paragraph (1) as

soon as possible and no later than 20 working days after the date of receipt of the request.”

13. From the evidence provided to the Commissioner in this case, it is clear that the Council did not deal with the request for information in accordance with the EIR. The Commissioner’s decision is that the Council has breached regulation 5(2) by failing to respond to the request within 20 working days and it is now required to respond to the request in accordance with the EIR.
