Reasons for decision

6. Section 1(1) of FOIA states that:

“Any person making a request for information to a public authority is entitled –

(a) to be informed in writing by the public authority whether it holds information of the description specified in the request, and

(b) if that is the case, to have that information communicated to him.”

7. Section 10(1) of FOIA states that a public authority must respond to a request promptly and “not later than the twentieth working day following the date of receipt”.
8. On 8 February 2024 the Commissioner wrote to the public authority, reminding it of its responsibilities and asking it to provide a substantive response to the complainant’s request within 10 working days.
9. Despite this intervention the public authority has failed to respond to the complainant.
10. From the evidence provided to the Commissioner in this case, it is clear that the public authority did not deal with the request for information in accordance with FOIA. The Commissioner finds that the public authority has breached section 10(1) by failing to respond to the request within 20 working days and it is now required to respond to the request in accordance with FOIA.
