- (a) the Minister shall, in the case of each county and county borough to the council of which liability for any such loan is transferred under this Part of this Act, certify the amount of the liability on account of the loan outstanding on the appointed day after deducting therefrom such amount, if any, as represents sums required by the Minister to be paid by a poor law authority before the appointed day which have not been so paid;
- (b) where any such loan is a loan made by the Minister, the sum so certified with respect to the loan shall be repaid without interest to the Minister by the council liable therefor within fifteen years from the appointed day either by means of an annuity equal to one-fifteenth part of the certified sum, the first instalment being payable on the thirty-first day of March, nineteen hundred and thirty-one, or by such other means as may be agreed between the Minister and the council;

(d) if in the case of any council the amount, which under the foregoing provisions of this section, would have been payable by the council in any year in respect of sums so certified by the Minister if all of those sums had been on account of loans made by the Minister and had been repayable by means of an annuity equal to one-fifteenth part of the certified sums, exceeds the amount which would be produced by a rate of ninepence in the pound levied on the reduced rateable value of the county or county borough, the amount payable in that year by the council to the Minister under this section shall be reduced by the amount of the excess ;

(e) if as respects any county or county borough the certificate of the Minister relating to any poor law authority from whom liability for any such loan is transferred provides for a deduction on account of the failure of the authority to make any payments required by the Minister to be made before the appointed day, the amount so deducted shall be paid by the council but shall—

(2) The foregoing provisions of this section shall not apply to any such loan raised by a poor law authority after the twelfth day of November, nineteen hundred and twenty-eight, and in such case the council to whom liability for the loan is transferred shall make the payments due in respect of capital of and interest on the loan in accordance with the terms of the contract of borrowing, and such payments shall be made and charged in like manner as is hereinbefore provided with respect to the payment of sums deducted by the Minister's certificate.

(3) Where a poor law area is not wholly comprised within one county or county borough, the liability of the authority for any such loan as aforesaid shall be apportioned between the several counties and county boroughs into which the area extends in proportion to the reduced rateable value of the parts of the poor law area comprised therein, and the foregoing provisions of this section shall apply as if the part of a loan apportioned to any county or county borough were a loan the liability for which was transferred to the council thereof.

2. In estimating and certifying the expenditure on the transferred services by a county or county borough council for the purposes of the foregoing rule in any case where the area of a highway authority or poor law authority is not wholly comprised in one county or county borough, the expenditure of the authority shall be apportioned between the several counties and county boroughs into which the area extends, and the amount apportioned to any such county or county borough shall be deemed to be expenditure by the council of that county or county borough on the transferred services.

3. The loss on account of rates of a rating area shall be a sum bearing the same proportion to expenditure which would have fallen to be borne by rates as aforesaid as the loss of rateable value of the area bears to the unreduced rateable value thereof, and where a rating area comprises any separately rated area, the loss on account of rates in respect of the expenditure in regard to which the area is separately rated shall be separately determined in accordance with the rules contained in this Part of this Schedule.

4. The loss on account of rates of a county shall be the aggregate of the losses on account of rates of the several separate rating areas within the county, and where a rating area is partly in one and partly in another county, the part in each county shall be treated as if it were a separate rating area.

1. There shall be estimated and certified as respects each separately rated area the rate in the pound required to raise an amount certified as being the amount of the expenditure for the standard year falling to be borne by rates (other than special and parish rates) in that area on the assumptions that the rateable values of all hereditaments were the unreduced rateable values thereof, and that the expenditure on the transferred services was incurred by the various spending authorities as existing before the transfer of those services.

2. There shall be estimated and certified the rate in the pound which would be required to raise an amount certified as being the amount of such part of the expenditure for the standard year as would have fallen to be borne by rates (other than special and parish rates) in that area on the following assumptions—

Section 123.

PROVISIONS AS TO THE DETERMINATION AND PAYMENT
OF COMPENSATION TO OFFICERS.

1. For the purpose of determining whether compensation is payable to an officer and, if so, the amount of such compensation, regard shall be had to—

- (a) the conditions upon which his appointment was made;
- (b) the nature of his office or employment;
- (c) the duration of his service;
- (d) any additional emoluments which he acquires by virtue of this Act or of anything done in pursuance or in consequence of this Act;
- (e) the emoluments which he might have acquired if he had not refused to accept any office offered by any council acting under this Act; and
- (f) all the other circumstances of the case,

and the compensation shall not exceed the amount which under the Acts and Rules relating to Her Majesty's Civil Service which were in operation on the thirteenth day of August, 1888, would have been payable to a person on abolition of office.

2. Every person who claims to be entitled to compensation shall deliver to the council a claim on account of the emoluments for which he claims compensation, setting forth the whole amount received and expended by him or his predecessors in office, in every year during the period of five years next before the date on which the relinquishment of office or determination of appointment takes effect, or the direct pecuniary loss commences, as the case may be, distinguishing the offices in respect of which the emoluments have been received, and accompanied by a statutory declaration that the claim so delivered is a true statement according to the best of his knowledge, information and belief.

3. Every claim so delivered as aforesaid shall be submitted to the council, who shall forthwith take it into consideration, and assess the just amount of compensation (if any), and shall forthwith inform the claimant of their decision, and if a council fail to inform any claimant of their decision upon his claim within six months after it has been so delivered to them, the Minister may, on application made to him in that behalf by the claimant, direct the council to do so within such time, not being less than one month, as may be specified in the direction.

4. Any claimant, if so required by any member of the council, shall attend at a meeting of the council, or of any committee appointed by the council for the purpose, and answer upon oath, which any justice present may administer, all questions asked by any member of the council or committee touching the matters set forth in his claim, and shall further produce all books, papers and documents in his possession or under his control relating to the claim.

5. In computing the service of any officer for the purpose of the award of compensation, the council shall take into account all the service of that officer after he attained the age of eighteen years under any local authority :

Provided that, where the officer held two or more offices and the claim to compensation is based on a loss of one or some only of those offices, account shall not be taken under this paragraph of service in an office which the officer continues to hold unless throughout the period of his service in that office he devoted the whole of his time to the duties of offices held by him under one or more local authorities.

6. If an appointment is determined by a council otherwise than at the expiration of a complete year of service of an officer, the portion then expired of that year shall be treated as a complete year where such portion exceeds six months, and shall be ignored where such portion does not exceed six months.

7. The compensation payable under this Act to an officer who immediately before the appointed day held two or more offices under any one or more local authorities and who devoted the whole of his time to the duties of such offices, shall not be reduced by reason of the fact that he has devoted only part of his time to each of such offices.

8. If any officer was temporarily absent from his employment during the late war whilst serving in His Majesty's forces, or the forces of the Allied or Associated Powers, either compulsorily or with the sanction or permission of the local authority, such period of temporary absence shall be reckoned as service under the authority in whose employment he was immediately before and after such temporary absence :

Provided that in the case of an officer who, after the armistice, voluntarily extended his term of service in the forces, no period of absence during any such extension shall be reckoned.

9. The council to whom application for compensation is made may, in their discretion and in consideration of the fact that any officer was appointed to his office as a specially qualified person, or that the officer before his appointment had been employed as a deputy, assistant or clerk by a permanent officer for the purpose of the discharge of his official duties, add any number of years (not exceeding ten) to the number of years which such officer would otherwise be entitled to reckon for

the purpose of computing the compensation to which he would be entitled under the Acts and rules relating to Her Majesty's Civil Service as applied by this Act.

10. The compensation shall not exceed two-thirds of the annual pecuniary loss suffered by virtue of this Act, or of anything done in pursuance or in consequence of this Act, or if the compensation is payable otherwise than by way of an annual sum, the capital value of such annual sum as might have been awarded.

11. No service of which account has been taken in assessing the compensation payable under this Act to an officer in respect of the determination or relinquishment of any appointment held by him shall, in the event of his accepting any other office after the commencement of this Act, be reckoned for the purpose of computing any sum payable in respect of that office under any superannuation scheme or other scheme for ensuring benefits to an officer on retirement whether under any enactment or otherwise.

12. The sum payable as compensation to any person in pursuance of this Schedule shall commence to be payable at the date fixed by the council on granting the compensation, or, in case of appeal, by the Minister, and shall be a specialty debt due to him from the council, and may be enforced accordingly in like manner as if the council had entered into a bond to pay the sum.

13. If a claimant is aggrieved by the failure of the council to inform him of their decision upon his claim within the time required by any directions of the Minister or by the refusal of the council to grant any compensation, or by the amount of compensation assessed, the claimant may, within three months after the failure, or after the date on which he receives notice of the decision of the council, as the case may be, appeal to the Minister, who shall consider the case and determine whether any compensation, and if so, what amount ought to be granted to the claimant, and his determination shall be final.

14. If a person receiving compensation under this Schedule is appointed to any office under the Crown or any local or other public authority, or by virtue of this Act, or anything done in pursuance of or in consequence of this Act, receives any increase of the emoluments of the office held by him, he shall not, while receiving the emoluments of that office, receive any greater amount of his compensation, if any, than with the emoluments of the said office, is equal to the emoluments for which compensation was granted to him, and if the emoluments of the office he holds are equal to or greater than the emoluments for which compensation was granted, his compensation shall be suspended while he holds that office.

15. All expenses incurred by a council in connection with payment of compensation to any officer shall be payable as part of the general expenses of the council, and if any compensation is payable otherwise than by way of an annual sum, the payment of the compensation shall be a purpose for which the council may borrow, subject to the consent of the Minister, and upon such terms as he may authorise.

A.D. 1929.

Section 136.

**PROVISIONS FOR SECURING ALLOWANCE OF REBATES TO
SELECTED TRAFFICS CORRESPONDING TO RATE-RELIEF
OF CERTAIN COMPANIES.**

PART I.

*Provisions as to Allowance of Rebates and Reimbursement
of Companies out of Rate-relief.*

1. The companies to which this Schedule applies are :

- (a) every railway company for which a schedule of standard charges has been settled under the Railways Act, 1921, or to which such a schedule is for the time being applied under section thirty-three of that Act, being a company whereof the railway is used for the conveyance of merchandise otherwise than by passenger train or carriage ; and
- (b) every light railway company, being a company whereof the light railway is used as a public railway for the conveyance of merchandise otherwise than by passenger train or carriage ;

and such companies are in this Schedule referred to as "the companies."

2. There shall be established and maintained a fund to be called the "Railway Freight Rebates Fund" (hereinafter referred to as "the fund") which shall be administered and controlled subject to the provisions of this Schedule by the Railway Clearing House, and as from the first day of October, nineteen hundred and twenty-nine, each of the companies shall, by equal monthly instalments beginning on the fifteenth day of November, nineteen hundred and twenty-nine, pay to the fund in respect of every year sums equal in the aggregate to the estimated rate relief of the company in that year; and as soon as the difference, if any, between the actual rate relief of a company in any year and the estimated rate relief of the company in that year has been ascertained, a sum equal to the difference shall be paid by way of adjustment out of the fund to the company or by the company to the fund, as the case may require.

3. The companies shall jointly, on or before the first day of June, nineteen hundred and twenty-nine, prepare and submit to the tribunal a scheme (hereinafter referred to as "the scheme") providing for the allowance by the companies of rebates from the carriage charges made by them in respect of the selected traffics, calculated in manner hereinafter appearing :

Provided that a scheme shall be deemed to have been prepared and submitted to the tribunal by the companies

jointly if it has been prepared and so submitted by or on behalf of companies (being companies to which this Schedule applies) of which the aggregate total expenditure on capital account is not less than ninety per cent. of the aggregate total expenditure on capital account of all the companies.

4. If the scheme so provides there shall, in every year, be set aside in the fund for the purpose of meeting any deficiency therein at the end of the year a contingency reserve of such an amount, not exceeding five per cent. of the aggregate of the sums paid and payable into the fund in respect of that year under paragraph 2 of this Part of this Schedule, as the scheme may determine.

5.—(1) There shall in respect of every year be paid out of the general moneys of the fund—

- (a) in respect of administrative expenses, a sum equal to one-half of one per cent. of the aggregate of the estimated rate relief of the companies in respect of that year or such higher percentage thereof as the tribunal may allow on application in that behalf being made by the companies; and
- (b) any interest payable on sums borrowed by the Railway Clearing House in accordance with the provisions of this Schedule; and
- (c) to each of the companies a sum, determined in accordance with the provisions of the scheme, equal to the amount of the rebates allowed by the company under the scheme in respect of selected traffics delivered in that year for conveyance by railway.

(2) Out of the sum payable under sub-paragraph (1) (a) of this paragraph there shall be allocated and paid to the Railway Clearing House a sum equal to the amount of the administrative expenses incurred by them in that year in giving effect to the provisions of this Schedule and the balance shall be appropriated for the purpose of meeting the expenses of the companies incurred in that year under or for the purposes of the scheme and shall be apportioned between the companies and paid to them in proportion to the rebates respectively allowed by them under the scheme.

6.—(1) The rebates provided for by the scheme shall be so calculated, as nearly as may be, that—

- (a) the aggregate of the rebates in respect of the group of selected traffics contained in Part II. of this Schedule will amount annually to a sum equal to one-fifth of the annual net revenue of the fund; and
- (b) the aggregate of the rebates in respect of the group of selected traffics contained in Part III. of this Schedule will amount annually to a sum equal to seven-tenths of the annual net revenue of the fund; and

(c) the aggregate of the rebates in respect of the group of selected traffics contained in Part IV. of this Schedule will amount annually to a sum equal to one-tenth of the annual net revenue of the fund.

(2) The scheme shall make provision for securing that the rebates in respect of the selected traffics contained in each of the several groups, other than rebates from tolls, will be at a uniform rate and that rebates from any toll in respect of the selected traffics shall be such percentage of the toll as may be determined by the scheme.

(3) In preparing the scheme—

- (a) the receipts of the companies in respect of the several selected traffics shall, for the purpose of calculating the rebates to be allowed under the scheme, be taken to be those estimated for the year nineteen hundred and twenty-seven; and
- (b) the rate-relief of the companies in the year beginning on the first day of October, nineteen hundred and twenty-nine, shall be taken to be of such amount as may be estimated by the companies.

(4) The scheme shall provide for the manner in which the rebates thereby provided for are to be allowed, and for the time at which payments or instalments of payments are to be made out of the fund to the companies, and contain such supplemental and consequential provisions as may be necessary for giving effect to the objects of this Schedule, and, in particular, may make provision for enabling rebates to be allowed in respect of merchandise consigned as being intended to be so used, shipped or delivered as to constitute it a selected traffic, before it has been so used, shipped or delivered, and may contain provisions enabling the Railway Clearing House to remit any repayment due to the fund by any company in respect of any amount allowed in error by the company in excess of the rebates required by the scheme if the Railway Clearing House are satisfied that all proper precautions were taken by the company to avoid such errors and that recovery by the company of the amount allowed in excess is not reasonably practicable.

(5) The scheme shall make provision for apportioning the rebates to be allowed among the carriage charges made in the following cases :—

- (a) in respect of coal delivered to a washery, coke oven, or patent fuel works, from two or more collieries where the coal is so mixed that it cannot be identified as being consigned from any one colliery and a part only of the coal, or of the resultant coke, or patent fuel is a selected traffic; and

- (b) in respect of coal shipped coastwise where the coal is so mixed that it cannot be identified as being consigned from any one colliery and a part only thereof is exported;

and may provide for any certificates necessary for such apportionment being obtained by the companies and for the allowance of rebates apportioned upon the basis thereof, subject to occasional verification of the facts thereby certified.

7.—(1) Printed copies of the scheme as submitted to the tribunal shall be made available by the companies for purchase at such places and at such price as the tribunal may direct, and notice of the places and price at which such copies may be purchased shall be published in the London and Edinburgh Gazettes. Not less than twenty-one days after the publication of the said notices the tribunal shall consider the scheme, and, after hearing any of the companies or any representative body of traders interested which may be desirous of being heard, shall have power to make such modifications therein, if any, as the tribunal think necessary or desirable, and upon receiving a certificate, as respects England from the Minister of Health and as respects Scotland from the Secretary of State, showing the amount estimated by them respectively as being the estimated rate-relief of the companies in the year beginning on the first day of October, nineteen hundred and twenty-nine, shall adopt the estimates shown by the certificates and shall make such modifications in the scheme as may be thereby rendered necessary.

(2) After making such modifications in the scheme as the tribunal are hereinbefore required to make and any other modifications which they think necessary or desirable, and upon being satisfied that the scheme complies with the requirements of this Schedule, the tribunal shall, not later than the thirty-first day of July, nineteen hundred and twenty-nine, approve the scheme.

8. If the companies fail to submit the scheme to the tribunal before the said first day of June, or before such later date as may be allowed by the tribunal, the scheme shall be prepared and made by the tribunal before the said thirty-first day of July, and the companies shall furnish to the tribunal such information as the tribunal may require for that purpose.

9. The scheme, as so approved or made by the tribunal under the foregoing provisions of this Schedule, shall come into operation on the first day of October, nineteen hundred and twenty-nine, and shall not be revoked, and shall not be altered otherwise than as hereinafter in this Schedule provided, and any person against whom a carriage charge is made by any of the companies in respect of any of the selected traffics delivered on or after that date for conveyance by railway shall be entitled to such rebate therefrom as may be provided for by the scheme.

10.—(1) The tribunal shall review the operation of the scheme within two months after the end of every year and shall give not less than twenty-one days' notice of the date, time and place of the sitting at which the review will take place, and at any such review the tribunal, after hearing any of the companies or any representative body of traders interested which may be desirous of being heard, and after considering all the circumstances (including the receipts of the companies in respect of the several selected traffics delivered during the year preceding the review for conveyance by railway), shall, subject as hereinafter provided, by order make in the scheme such modifications, if any, as they think necessary or desirable, but so that the provisions thereof shall comply with the requirements of this Schedule:

Provided that—

(a) the tribunal shall not by any such order alter the rate for the time being in force of any rebate provided for by the scheme unless—

(i) a debit balance is brought forward in the fund from the last preceding year; or

(ii) the tribunal is of opinion that in the year in which the review takes place the amount of the rate-relief of the companies will be less than the amount thereof estimated for the purpose of calculating the rebates in force, and that, unless such alterations are made, there will be a deficiency in the fund in respect of that year; or

(iii) the tribunal is of opinion that, unless such alterations are made, the aggregate of the rebates in respect of any group of selected traffics will, in the year in which the review takes place, fall short of a sum equal to the appropriate proportion of the net revenue of the fund for that year by more than the fixed marginal allowance; and

(b) the rates of rebates for the time being in force in respect of any group of selected traffics shall not be reduced by any alteration made under sub-paragraph (iii) of paragraph (a) of this proviso, unless the tribunal is of opinion that, if such reductions are not made, the aggregate of the rebates in respect of that group will, in the year in which the review takes place, exceed a sum equal to the appropriate proportion of the net revenue of the fund for that year by more than the fixed marginal allowance; and

(c) no alteration shall in any case be made in the rates of rebates to be allowed in respect of the selected traffics which would cause the aggregate of the

rebates to be allowed in respect of any group of selected traffics to fall short of a sum equal to the appropriate proportion of the net revenue of the fund.

(2) In this paragraph the following expressions have the meanings hereby respectively assigned to them, that is to say:—

“Appropriate proportion of the net revenue of the fund” means, as respects any group of selected traffics, the proportion specified in sub-paragraph (1) of paragraph 6 of this Part of this Schedule in relation to that group:

“Fixed marginal allowance” shall in any year be taken to be, in relation to any group of selected traffics, an amount equivalent to one per cent. of the amount estimated by the tribunal as being the aggregate of the carriage charges made and to be made by the companies in respect of the traffics contained in that group, delivered in that year for conveyance by railway.

11. If it appears to the Minister of Transport that by reason of some exceptional occurrence the net revenue of the fund for any year is or will be abnormally greater or less than the amount which, upon the basis of the rebates for the time being in force, will be required, to pay the sums payable thereout under paragraph five of this Part of this Schedule to the companies in respect of that year, and that there is danger of such instability being thereby occasioned in the rates of the said rebates as to affect prejudicially the operation of the scheme, he shall issue to the tribunal a certificate that in his opinion the rates of the rebates to be allowed in respect of any group of selected traffics specified in the certificate ought to be reviewed, and upon receipt of such a certificate the tribunal shall, notwithstanding anything in this Part of this Schedule, have power to make such alterations in the scheme as they consider desirable for stabilising, so far as practicable, the rates of the rebates to be allowed in respect of that group, and, if they think fit, for securing that any abnormal excess shall be expended, or abnormal deficiency made good, as the case may be, over such period of years as they think proper.

12.—(1) The tribunal shall have the like powers to make general rules governing their procedure and practice and generally for carrying into effect their functions under this Schedule, and to prescribe a scale of fees for and in connection with proceedings before them, as they have under section twenty-two of the Railways Act, 1921, with respect to their functions under Part III of that Act, but subject to the like approval, consent and limitations as are required or imposed by that section, and rules made under this paragraph may apply, with the necessary adaptations, any of the rules for the time being in force under the said section twenty-two.
