EXPLANATORY NOTE

(This note is not part of the Regulations)

These Regulations amend the National Health Service (Clinical Negligence Scheme) Regulations 1996 (“the Principal Regulations”) which established a scheme whereby certain bodies as set out in the Regulations may make provision for meeting liabilities to third parties in connection with personal injury or loss arising out of negligence in the carrying out of their functions.

Regulation 2 amends the Principal Regulations by updating the definition of relevant function. The new definition corresponds to how services are now commissioned or provided for the purposes of the health service and covers the activities of bodies exercising other functions in relation to the health service and other powers to generate income.

Regulation 3 amends the Principal Regulations to remove the Health Protection Agency from the list as that Agency has been abolished.

Regulation 4 amends the Principal Regulations to provide that where qualifying liabilities arise in connection with a member’s relevant function before the coming into force of the new definition of ‘relevant function’ contained in these Regulations, they will be treated with effect from 1st May 2014 as if the new definition had been in force before the liabilities arose.
