EXPLANATORY NOTE

(This note is not part of the Regulations)

These Regulations are made in exercise of the powers in the European Union (Withdrawal) Act 2018 (c. 16) in order to address failures of domestic legislation to operate effectively and other deficiencies (in particular under paragraphs (a), (d) and (g) of section 8(2)) arising from the withdrawal of the United Kingdom from the European Union.

These Regulations make amendments to subordinate legislation, which applies to England only, in relation to the monitoring and control of zoonotic disease generally, and in relation to tuberculosis specifically.

An impact assessment has not been produced for this instrument as no, or no significant, impact on the private or voluntary sector is foreseen.
