EXPLANATORY NOTE

(This note is not part of the Regulations)

These Regulations restrict flying in specified areas of Wales and England for reasons of public and flight safety during the Wales Rally GB 2018. During the rally numerous aircraft (fixed-wing and rotary-wing) will be involved in the filming and onward relay of data for broadcast. In addition, a number of helicopters will be transporting persons involved in the rally to points along the route. To minimise the risk to members of the public attending the event, it is considered that access to the airspace within which aircraft are flying in connection with the Rally should be restricted as part of the safety arrangements for this event. The Civil Aviation Authority and the Department for Transport agree that flying should be restricted in the areas specified in the Schedule during the event for reasons of public safety.

In relation to regulation 3, the term ‘aircraft’ includes aircraft as classified by Part 1 of Schedule 4 to the Air Navigation Order 2016. It also includes, by virtue of article 23 of that Order, any small balloon, any kite weighing not more than two kilograms, any small unmanned aircraft and any parachute including a parascending parachute.

The times mentioned in regulation 3(1) are Co-ordinated Universal Time (UTC), which for the purpose of these Regulations is one hour behind British Summer Time (BST).

In relation to the permission mentioned in regulation 3(2)(c) the Wales Rally GB Helicopter Coordinator may be contacted on telephone number 07973 505102.

Full details of the Statutory Instrument will be promulgated by Aeronautical Information Circular (AIC) and Notice To Airmen (NOTAM).
